Stewardship Thoughts

- "The Church never demands that we give more than we can afford, but the truth is that many of us can afford to give more than we do. It is funny how, to so many, a \$100 bill 'looks' like so much when you take it to church but so little when you take it to the mall."
- "All communication has a moral dimension. As the Lord himself has said, it is from the abundance of the heart that the mouth speaks (Matthew 12:34-35). People grow or diminish in moral stature by the words they speak and the messages which they choose to hear."
- "If you sow to your own flesh, you will reap corruption from the flesh; but if you sow to the Spirit, you will reap eternal life from the Spirit. So let us not grow weary in doing what is right, for we will reap at harvest time, if we do not give up."
- "The pursuit of holiness is perhaps too often confused with a quest for happiness. For while we profess to know God, in practice we allow the contemporary idols of consumerism, self-help and self-fulfillment to have a higher claim on us."
- "How often do we miss God's loving response because we think God should do things our way?"
- "When we want what God wants, it becomes easy for Him to answer our prayers. Too often we use our prayer in a vain and futile attempt to impose our will on God."
- "Give thanks for the freedoms our independence gives us, but also remember our dependence on God."

Thanks to all who give of their prayers, participation, talent, and generosity to make our parish such a vibrant community of faith.
